COTH Welcomes 2015 Session

Old and new faces gather at the Capitol for City on the Hill 2015

ROCKLIN- The 2015 City on the Hill California Assembly has convened and is proud to welcome an impressive crowd of freshmen legislators. The atmosphere was one of anticipation and excitement as the freshman legislators, who promise to bring a fresh perspective to City on the Hill politics, were sworn in Tuesday.

Some of the returning veterans came

prepared with strategy for political maneuvering and winning policy battles. Legislators were seen in the lobby quietly discussing strategy and sizing up their competition. One legislator commented that returning Assemblywoman Anastasia Nieuwsma's billboards and politicking signs have been seen around the Capitol and suggested

that he may just "have a bonfire" this evening.

However, veteran legislators may find themselves changing their strategy to focus more on the party planks in light of what some may say was a show of overconfidence.

The 2015 session is certainly in full swing and promises to be engaging.

Ann Malane

New Secretary

City on the Hill welcomes Chris Hardwick to the City on the Hill as the Secretary of Funky Jesus Music. Chris will also be serving as Worship Leader for COTH 2015. He majors in music at WM Jessup University and will bring us his own brand of worship music that has morphed from his interest in many genres of music to create somewhat of a Classical-Reggae-Bluegrass sound.

SPITTIN' MAD SACRAMENTO-

Freshman legislators Juntunen and Rosenberger will likely be spitting mad over a bill that will be introduced this week that will prohibit chewing tobacco at baseball stadiums.

AB 768, by Assemblyman Khuzadi, will not only ban fans but also players from tucking a delectable wad of chewing tobacco under their lip. Earlier this year, the City of San Francisco banned smokeless tobacco at the AT&T stadium. There is sure to be a lively debate over whether or not this bill constitutes an overreach of government when this bill is heard in committee this week.
